PROFESSIONAL SUMMARY

M.Sc. Information Technology candidate with hands-on experience building Python and SQL-based applications for data processing, APIs, databases, and practical machine learning use cases. Built projects involving 123K+ job postings, REST APIs, NLP-based resume matching, PDF extraction, skill analysis, and relational databases. Skilled in Python, SQL, Pandas, FastAPI, MySQL, SQLite, scikit-learn, and Power BI.

TECHNICAL SKILLS

Programming: Python, SQL
Data & ML: Pandas, NumPy, scikit-learn, NLP, TF-IDF, Cosine Similarity, Data Processing
Backend & APIs: FastAPI, REST APIs, Swagger UI, CRUD Operations
Databases: MySQL, SQLite
Visualization: Power BI, Microsoft Excel, PivotTables, Charts, Slicers
Tools: Git, GitHub, VS Code, MySQL Workbench

PROJECTS

AI Resume Screener API | Python, FastAPI, NLP, SQLite

- Developed a REST API to compare resumes with job descriptions using TF-IDF and cosine similarity.
- Implemented PDF text extraction, skill matching, and similarity-based resume-job matching.
- Integrated SQLite for storing application data and Swagger UI for API documentation and testing.

Job Market Intelligence & Career Assistant | Python, Pandas, SQL, FastAPI, Power BI

- Processed 123K+ job postings using Python and Pandas to identify in-demand skills, roles, locations, and employment trends.
- Implemented skill-gap analysis and career insights using data processing, SQL queries, and rule-based matching.
- Developed FastAPI endpoints for job search, skill analysis, skill-gap analysis, and career insights.
- Built a Power BI dashboard to present job-market findings and trends.

Urban Mobility & Traffic Analytics | **MySQL, SQL**

- Designed a relational database containing routes, trips, and traffic records for traffic and travel-time analysis.
- Applied JOINs, subqueries, aggregations, CASE statements, and window functions to analyze travel and traffic patterns.
- Created SQL queries to compare routes, travel times, and traffic conditions.

Education

Master of Science (M.Sc.) in Information Technology | 2026–Present
Satish Pradhan Dnyanasadhana College, University of Mumbai

Bachelor of Science (B.Sc.) in Information Technology | 2023–2026
University of Mumbai | CGPA: 8.90/10

Certifications

- AWS Artificial Intelligence Practitioner Learning Plan
- Fundamentals of Machine Learning and Artificial Intelligence
